

## 2021-2022 ACADEMIC OFFERINGS

Dear Cave Creek Unified School District Parents and Families,

We hope this communication finds you and your family healthy during this challenging time. We are looking forward to welcoming back our students as we have many great things planned for high-quality learning. This communication is to update you on our academic offerings for the 2021-2022 school year. The following information will provide you with our district's options for learning so please read it in its entirety.

CCUSD understands that choice and flexibility are very important to our community of learners and their families. We are committed to meeting these needs through two different options that we will offer in the 2021-2022 school year. For those students and families who wish to attend school in person, our families have choices between five elementary schools, one middle school and one high school. For those students and families who wish to attend school online, a full-time online option is available through our Academy of Excellence for Kindergarten - High School.

**Please select the option below that is the best fit for your student and family. By clicking on the school below, you will be taken to the registration page to enroll in CCUSD. By clicking on the Academy of Excellence, you will be taken to their website for more information and registration.**

<u><b>In Person</b></u>	<u><b>FULL TIME ONLINE</b></u>
