Title 1 Reading Program

Cave Creek Unified School District
Black Mountain Elementary

Principal: Matt Owsley

Reading Teacher: Michelle Adair

Phone : 480-575-2246

Title 1 is a federally funded program that supplements classroom instruction in the area of Reading. In the Title 1 classroom, students receive reading intervention 5 days a week for an additional 30 minutes. Students work on skills that are not yet secure. The goal of this reading program is to help struggling readers become independent and successful in the classroom.

Title 1 Qualifiers

Students are qualified for Title 1 services through a school wide screening . The screening we use in Cave Creek School District is called *Aims Web Fluency Assessment*. It is given three times a year to all students. This assessment is used to screen students strength and weaknesses in reading. Teachers may also recommend a student for services based on classroom performance .

Curriculum

Students' interventions are differentiated based on what their needs are. The programs we use are *My Sidewalks* (Scott Foresman), Souday System I and II, and Read Naturally. Additional materials are used to supplement where needed. If you are interested in viewing the materials please make an appointment with our Intervention teacher or principal.

Computer Interventions

At Black Mountain Elementary School we use a variety of technology interventions with students. Our Title 1 program integrates i-pods, iPads, and computers into our daily activities. We also use intervention programs such as, *Looney Tunes Phonics*, *Reading A-Z*, *Tumble Books*, and *Destination Success*.

Communication

Communication is the key to student success. E-mail is the best means of correspondence. Additional information may also be found through the internet on our Title 1 webpage under support services on the Black Mt school website. The Title 1 webpage is full of resources for students and teachers.

Response to Intervention

BMES has a strong Response to Intervention program (RTI). This is a three tiered program that offers increased levels of reading support at each tier to students. Title 1 is a tier III program. For more information visit the district webpage.

We ask community members and volunteers to work as a RTI volunteer to assist in working with students on interventions. We appreciate the amazing support we receive for this important work.

Contact Information

If you are interested in additional information you may contact Michelle Adair, Title 1 Reading Black Mountain Elementary.
